

IT Systems Administrator (Data vault Team - f/m/d)

Would you enjoy working in a cross-functional team administrating a data streaming platform using modern DevOps practices, Ansible, Openstack cloud and Docker? Then noris has the job for you! As we are extending our multinational team we are looking for talented emerging IT Systems Engineers to join us.

Your role:

- Operating the Openstack cloud infrastructure of the platform
- Automating systems' configurations with Ansible
- Building CI/CD pipelines
- Deploying and maintaining Docker services
- Administrating the data pipeline stack which includes Kafka, Flink, Postgres, Druid and more
- Assist with data engineering tasks and provide your point of view
- Collaborating with other teams on new projects of the platform
- Build custom tools to fulfill the team's special needs

Your profile:

- A good knowledge of Linux fundamentals
- Experience with Bash, coreutils, net-tools and ssh
- Knowledge of data structures
- Experience with relational databases
- A high level of teamwork and communication skills
- Proficiency in written and spoken English
- A can-do attitude and thirst for knowledge

The following would be desirable as well:

- Experience with Ansible, CI/CD and Docker
- Experience with Bash or Python scripting
- Knowledge of Data vaults and Data warehouses
- Experience with Scala or other functional programming language
- Agile work experience

What noris can offer you:

- Team spirit and a passion for information technology
- Professional and personal development. Budget for training opportunities, seminars, mentoring and internal training for shaping and realizing your career goals
- Flexibility in work schedule
- Competitive salary and performance-based bonuses
- Great work-life balance
- Team building events, pizza breaks, cinema nights and special occasion celebrations
- Well-located offices close to Thessaloniki's city center

We look forward to receiving your application (with the earliest possible entry date), ideally via email.

noris M.I.K.E.
