

noris offers companies customized IT solutions in the areas of IT outsourcing, Cloud Services and Network & Security. Technological basis of these services is a powerful IT infrastructure that relies on noris network's own high-performance backbone and multiple high-security data centers.

We are constantly looking for IT specialists (f / m) with a vision! Join our team in **Thessaloniki** as

Enterprise Virtualization / Storage Expert (f/m)

Modern technologies such as OpenStack or Docker are known to you? You feel in distributed systems at home and have a strong background in software development and system administration? Then noris offers an exciting and varied position at the cutting edge of cloud computing for your future.

Responsibilities:

- You operate, develop and deploy high-available, IT systems and cloud platforms
- You plan and lead changes (according to ITIL) taking into account the service level agreements (SLAs)
- You have problem-solving skills and solve problems effectively
- You automate repetitive tasks and identify potential for improvement

Your profile:

- Solid networking knowledge (TCP/IP, Routing, DNS, Firewalls)
- Extensive experience with VMware and vSphere with all standard features
- Extensive experience with NetApp, Fujitsu ETERNUS or DELL EMC
- A high level of teamwork and communication skills, independent, structured and solution-oriented work, engagement and a high readiness for action and willingness to learn will complete your profile
- Excellent organizing, prioritizing, decision making and multitasking abilities
- Excellent written and spoken English and / or German skills
- We expect a willingness to travel

Interested? Then do not hesitate! We look forward to receiving your application with the earliest possible entry date, ideally via email.

Need help? Contact us! We will be happy to assist you with further questions.
